Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha, Nebraska 68107

Dear Mr. Wesolowski:

This letter will confirm your reception of WAKX, 1320kc., 1000 watts, Superior, Wisconsin, on Saturday, October 17, 1964.

You picked up one of our regular monthly frequency measurement tests. Since that time, WAKX has switched from 1320 to 970 kc. We still conduct monthly tests and the next one scheduled is this Saturday morning, February 17th, at 12:45am CST.

We would be interested in a reception report for 970 kc. Our current power is 500 watts.

Thank you.

Cordially,

Lewis M. Latto
General Manager
